TCH Hinge Lightweight Model

- 930** Aluminium/Steel – Nickel Finish

All TCH Handcuffs possess the following features:

- 3 independently moving ratchet bars, with 6 teeth on each bar. The total of 18 teeth provides extra locking positions:
 - Standard models – 23
 - All other models – 25 and with 17% larger internal circumference
- Rotating arm backloads for speedcuffing
- Precision engineering ensures rotating arm swings through the handcuff, engaging the ratchet bars every time
- Double locking mechanism
- Lightweight models 40% lighter than Standard
- Two standard keys are provided with each Handcuff
- Full Compliance with N.I.J Standard 0307.01

Total Control Rigid Handcuffs

TCH Rigid Handcuff

- 840** Satin Nickel Finish
